Re: Visions Multi Media Group – WUFO Radio LLC  
(VMMG)  
WUFO(AM), Amherst, NY  
Facility Identification Number: 60154  
Special Temporary Authorization (STA)  
BESTA-20200427ACA

Dear Ms. Brown:

This is in reference to the request filed on April 27, 2020. VMMG requests an extension of the STA granted on September 24, 2013, to continue operating using the existing WECK tower to allow time to file the required FCC Form 302 application to cover BP-20190422AAV.<sup>1</sup> In support of the request, we noted that the application was not yet filed.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and VMMG may continue to operate daytime-only with a maximum of 1 kW using the existing WECK tower. VMMG must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See 47*

---

<sup>1</sup> WUFO(AM) is licensed for ND daytime-only operation on 1080 kHz with 1 kW, and BP-20190422AAV proposes a 1 kW ND daytime-only facility using the WECK tower.

CFR §1.1310. VMMG must submit an e-mail to note the date the application was filed.

This authority expires on **November 12, 2020**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer
